Introduction

About Codefremics

Codefremics is a software, mobile and web applications provider that offers custom development services

Established in Kenya in 2017, with a vision to revolutionize technology industry, Codefremics has grown to become a trusted partner for businesses across various sectors in Africa and North America.

Why Us

Our main goal is to create innovative products that minimize human labor, enhance productivity and personal fulfillment

Vision

To be a trusted leader in innovative software solutions that empowers both businesses and people

Codefremics
Services

Custom Software Development

We create software solutions for enterprises and consumers, from ERP systems to innovative apps, using latest tech to drive growth.

System Design & Integration

Our integration ensures a cohesive IT architecture, managing the entire lifecycle, to enhance efficiency and reduce systems operational costs.

Business Process Outsourcing

Our services streamline operations by handling non-core tasks like customer support, data entry, and back-office operations and IT Support

System Training & Dedicated Support

Our training provides users with skills to effectively use your software. We provide 24/7 dedicated support to ensure smooth system operation.

Codefremics
Products
